Subject	Inquiry regarding frontend web developer position

Dear Hiring Manager,

I hope this email finds you well. I recently came across a job posting on your website for a **front-end web developer** position and I would like to apply for this position. I believe my skills on frontend development align well with the position's requirements.

Before proceeding, I have a couple of questions regarding the position:

1. Can the interview be conducted online if selected?
2. What is the expected joining date for the selected candidate?

I would appreciate your response at your earliest convenience. Thank you for your time and consideration. I look forward to your reply.

Best regards,
